**Subject: CSL License**

**Dear Students,**

**Contrary to what you may have heard or read, the UNC Board of Governors has not declared that CSL's license has expired.**

**As I previously informed you, the UNC Board of Governors, our North Carolina licensing body, set conditions for retention of our license to operate and set a deadline of August 10 to meet those conditions. Although that licensing body has determined that one of the conditions currently has not been met, CSL is actively working to meet it. I have apprised UNC of our progress and believe that the condition will be met next week. Accordingly, CSL has asked the UNC Board for an extension of time to meet all conditions set.**

**We look forward to you continuing your legal education at CSL in the fall and we are working diligently to ensure you will have that opportunity. We will update you as soon as possible.**
