WFIE offers internship opportunities to eligible students, to provide hands-on learning experience for students looking to gain knowledge and insight about the broadcasting industry. Students are eligible for an internship by being enrolled at a college or university, and by receiving academic credit from that school for an internship. Internships are offered in a variety of departments at the stations, including News, Marketing/On-Air Promotions, Programming, Sales, and Production. All internships are non-paid, so students must be receiving academic credit to work or observe at the stations. Hours can be flexible, to accommodate class schedules and school requirements; however, most interns are usually required to attend a minimum of 15-20 hours per week.

During the reporting period the station offered internships to 4 students in Production and News from the following colleges: Wabash Valley College, Purdue University, University of Kentucky, and Ball State.
